

Bright, Bold Color at Hilltop Gardens!

Welcome to Hilltop Gardens! We are a family owned business which prides itself in providing high quality plants, information, and services in a beautiful and fun environment and at a fair and honest price.

Perfect Flowers for Spring Color

Plant these colorful frost hardy annual flowers and start enjoying them now. Ready to plant Pansies, Primrose, Violas, Dianthus, Snapdragons, Sweet Alyssum and more!

We Grow Our Own Perennials

Perennials provide lasting beauty in the garden year after year. We grow more than 50,000 pots annually in our Golden greenhouse. Columbine is a spring blooming perennial which displays a rainbow of bold pastel colors. The lobed leaves and arched stems of flowers of the Bleeding Heart make it a classic choice for shady spots in a perennial garden. Creeping Phlox forms a dense mat of flowers early in the spring as most perennials are just beginning to push through. It is very low growing and provides a nice carpet of color for your other hardy perennials.

Grow Your Own

Organic Herbs & Vegetables

Nothing's fresher than home grown!

Great Selection of Seeds

We have the best selection of seeds for 2009. Hundreds of flower and vegetable seeds, organic varieties plus all the seed starting supplies like domes, heat mats, soil and more!

Herb Garden

Potted herbs make attractive kitchen gardens. Don't pay for those overpriced herbs at the grocery store. Grow your own...in containers. Create a kitchen herb garden that summers outside and winters inside on the sill. Choose from a wide variety of culinary and medicinal herbs.

Tasty Tomatoes

They're easy to grow, packed with nutrition and full of flavor. And most important - store bought varieties can't compare to a home-grown, vine-ripened tomato! We selected the best-tasting and top performing tomatoes for Colorado gardens.

New at Hilltop - Hydroponic Gardening

Hydroponics, simply stated, is the growing of plants without soil. This form of gardening is also easily adapted to indoor environments, which means it can be used throughout the year to grow a gardener's favorite plants. We now carry the following hydroponic products:

Great Selection of all Your Lawn and Garden Needs!

- Perennials
- Bedding Plants
- Gorgeous Hanging Baskets
- Trees & Shrubs
- Roses
